

# SVETILKA OLIGHT SR92

Each Olight SR92 flashlight comes shipped in its own aluminium flight case with a high quality embroidered shoulder strap. Our stock of lights come complete with an Olight charger.

The SR92 is the newest edition to Olight's SR searchlight series. The SR92 is equipped with 3 separate XM-L emitters each with a separate reflector. The SR92 has a output of up to 1,700 lumens and a throw of up to 1,000 meters. The perfect luminous spot and wide area of lighting makes this an ideal search and rescue light.

The handle of the SR92 is also the battery pack. The torch can be charged complete with the head fitted or with the the handle removed. Indicator lights in the tail of the battery pack show amount of charge remaining and spare battery packs are available on the Olight accessories page.

Modes / Runtimes as follows:

High Mode: 1700 Lumens / 150 Minutes

Low Mode: 450 Lumens / 11 Hours

Strobe: 450 Lumens / (10 Hz)
