

# SVETILKA OLIGHT T-20

New tactical version of the Olight T20 with Cree XP-G R5 LED and a maximum output of 270 lumens.

Powered by two CR123 batteries, the T20-T has three brightness settings plus strobe:

- 8 lumens = 34 hours runtime
- 150 lumens = 5.3 hours runtime
- 270 lumens = 2.1 hours runtime
- Strobe function = 4 hours

As part of the tactical range of Olights, the T20 Tactical has a forward click switch with momentary on function and simple mode changing via a twist of the head. Intelligent memory function ensures the light activates in the last setting used.

Includes belt holster, wrist lanyard, removable pocket clip, spare o-rings and optional glow in the dark tail switch cover.

- Uses 2 X CR123A battery primary or rechargeable (primary included)
- LED Type: Cree XP-G R5
- Function: Three output levels and strobe
- Finish: HA Type III
- Water and Dust Resistant to IP68
- Length: 128.5mm Diameter: 21.6mm
- Weight: 69g
